

Vacancy
CNC Miller – Early Shift
(Setter/Operator)

We are a manufacturer of orthopedic components/materials manufactured to high specifications for the medical industry. Our main focus is to supplying high quality medical products to exacting customer and international specifications, supported by our technical department which is capable of testing polymeric materials to the highest standards.

We are looking for an experienced CNC Miller who is willing to progress onto programming / setting & operating machining centres. Any programming experience is an advantage but full training will be given. Also any Turning experience is highly desirable.

KEY ACCOUNTABLE AREAS:

- Set and operate various 3 & 5 axis machining centres with Heidenhein or WinMax controls
- Machining high quality, close tolerance replacement prosthetics components
- Cad/Cam experience preferred but full training will be given to the successful candidate
- Conducting physical and visual checks on medical components, rejecting and returning unacceptable materials/parts
- Working towards client-specific and high quality production
- Ensure health and safety standards are adhered to
- Ensure that all products are thoroughly quality checked
- Provide technical support and training to staff

ALL OF THESE EXCITING POSITIONS REQUIRE A PERSON WHO IS:

- Methodical and meticulous in approach
- An effective communicator and a good team player
- Conscientious and has a self-disciplined approach
- Motivated and flexible in their approach
- Excellent time management and multi tasking skills
- Capable of producing high quality written material by hand and using computers

REQUIRED QUALIFICATIONS:

- Engineering related qualifications
- Previous experience working with Microsoft Office (Word & Excel) preferred

HOURS OF EMPLOYMENT

- Following the COVID-19 pandemic the shift pattern is temporarily 05.45-14.00 they may revert back to the original working hours of 06.00-14.15 with notice
- Duties and hours may vary dependent upon workload

Please forward your CV & salary expectations to Tandy Kehoe, HR Manager at kehoe@orthoplastics.com

Closing date for completed applications is **Sunday, 3rd July 2022.**
