

Vacancy
CNC Turner
(Setter/Operator/Programmer) – Early Shift

We are a manufacturer of orthopedic components/materials manufactured to high specifications for the medical industry. Our main focus is to supply high quality medical products to exacting customer and international specifications, supported by our technical department which is capable of testing polymeric materials to the highest standards.

We are looking for an experienced CNC Turner who is capable of programming / setting & operating various turning centres with 3, 4 & 5 axis capabilities. The programming required would be 'on-line' using conversational systems but any Cad/Cam experience would be an advantage.

KEY ACCOUNTABLE AREAS:

- Program, set and operate various 3,4 & 5 axis turning centres with various controls
- Machining high quality, close tolerance replacement prosthetics components
- Cad/Cam experience would be an advantage
- Conducting physical and visual checks on medical components, rejecting and returning unacceptable materials/parts
- Working towards client-specific and high quality production
- Ensure health and safety standards are adhered to
- Ensure that all products are thoroughly quality checked
- Provide technical support and training to staff

THIS EXCITING POSITION REQUIRES A PERSON WHO IS:

- Methodical and meticulous in approach
- An effective communicator and a good team player
- Conscientious and has a self-disciplined approach
- Motivated and flexible in their approach
- Excellent time management and multi tasking skills
- Capable of producing high quality written material by hand and using computers

REQUIRED QUALIFICATIONS:

- Engineering related qualifications
- Previous experience working with Microsoft Office (Word & Excel) preferred

HOURS OF EMPLOYMENT

- Monday-Thursday 05.45-14.00 including breaks
- Friday 05.45-11.45 including break (39 Hours)
- Duties and hours may vary dependent upon workload

Please forward your CV and salary expectations to Tandy Kehoe, HR Business Partner at Orthoplastics Limited, Grove Mill, Todmorden Road, Bacup, Lancashire OL13 9EF or E-mail: kehoe@orthoplastics.com We will be reviewing all applications prior to the closing date and candidates may be asked to attend an interview during this time.
